Why Brunswick Tires

Win Preference

There are two main reasons - one, the name itself,

Thus reputation and performance unite in giving

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than

to GET the utmost. And this has been true since 1845.

You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better,

And, like other motorists, you'll decide to have

ALL Brunswicks. Then you'll know supreme satis-

faction from your tires - longer life, minimum

HAIL SHATTERS TRAIN WINDOW; MORGAN GIRL CUT

Miss Iva Giles of Morgan, was cut on the face by broken glass yesterday afternoon, when the Oregon Short Line train, which she was riding between Ogden and Trementon, passed through a hallstorm.

The accident happened when pelting hallstones, unusually large smashed glass in two of the car windows. A fragment of glass struck Miss Giles, cutting her nose. Miss Giles stopped with relatives and had her injuries treated, and departed last evening for Morgan.

A banquet will be held at 7 o'clock tomorrow night which many prominent men of the state will attend.

CONVENTION WEATHER.

SAN FRANCISCO, June 30.—Campaign fans, duck trousers and athletic underwear were taken from their resting places by Democratic national convention delegates and visitors today as the result of a clear, warm day that promised to make the temperature look like a Liberty bond quotation before it was over.

EAGLES HUNUK

Mayor Francis Elected Chaplain and Gus Trorlicht as Trustee

Two Ogden men were honored yesterday at the annual convention of the Fraternal Order of Easles held in Salt Lake. Mayor Frank Francis was elected as chaplain and Gus Trorlicht was named as trustee of all series in Utah. Consolidation of the five Utah aeries into one state aerie under the title of the Utah State Association of Eagles, constituted the principal business at the convention session. Farley P. Jensen of Salt Lake was chosen worthy president of the new organization.

It was decided that the next state convention of Eagles will be held at Ogden in June, 1921. H. S. McCann acted as installation officer and presented the state charter, signed by Egbert D. Weed, grand worthy president, of Oahkosh, Wis.

The morning and afternoon sessions were devoted to discussion of business matters and examination of credentials of delegates. In making the address of welcome President Jenson gave the aims, accomplishments and work of the Eagles' organization. He said the "Big Brother' movement, as well as an Americanization program, constituted some of the work for the future.

THE UTAH TODAY

Cecil Raleigh, Henry Hamilton and Arthur Collins, collaborators in writing and producing "The Best of Luck, picturized with an ail-star cast by Screen Classics, Inc., and now showing last time today at the Utah theatre, made the Theatre Royal, Drury Lane, famous the world over for brilliant and elaborately produced melodramas. Hamilton and Raleigh were co-authors of a number of well-known melodramas besides "The Best of Luck," Among them were "The Sins of Society," "The Whip" and "Scaled Orders," Each author has to his credit a number of original dramas produced Arthur Collins, collaborators in writing Orders." Each author has to his crean a number of original dramas produced a number of original dramas produced at Drury Lane. Starting as an actor. Hamilton invaded the writing field. His first play was produced at the Prince's theatre in Manchester. In all he has written six plays among them "The White Heather" and "The Great Ruby." He adapted five plays, besides collaborating in writing tweive.

"The Best of Luck" is the first of five Drury Lane melodramas to be shown by the Utah theatre. The others are "Hearts Are Trumps," "The Great Millionaire," "The Marriages of Mayfair" and "The Hope." The latter is the joint work of Raleigh and Hamilton. The other three are Raleigh's own plays. Kathryn Adams heads the all-star cast for "The Best of Luck" which Ray C. Smallwood directed under the personal supervision of Maxwall Karer. der the personal supervision of Maxwell Karger, director general.

Athletic Stars to Reach Here Tomorrow

Creed Haymond, accompanied by Homer Christensen, will arrive in Og-den tomorrow from the coast. Hay-mond injured a muscle in the 100-yard dash at the Pasadena trials last Sat urday but despite the fact that he was unable to take part in the remaining races on the card coast officlais have named the Ogden A. A. star to compete with forty-one others in the finals for the American Olympic team at Harvard Stadium next

July.

Haymond during 1919 was the fastest man in the world on a curved track. He holds the world's record in this event, his time being 21 1-5

Alma Richards, the all-around star of the Ogden club, will be in Ogden during the fore part of the coming week en route to the finals. He will enter the all-around competitions a Chicago as well as the finals at Har-

Clinton Larson, the champion high E jumper, will accompany Richards on the trip, Larson will compete in the finals in this event.

THIS WEEK ONLY

At the Stores Named Below A 10-Day Tube of Pepsodent

They Have Found the Way to Beautiful Teeth

All Statements Approved by High Dental Authorities

Dental science has found a way to combat film on teeth. It has been tested for years by able authorities in clinical and laboratory tests. Now leading dentists everywhere advise its daily use.

The method is embodied in a dentifrice called Pepsodent. This week we offer a 10-Day Tube to every home in this city, and we urge every home to get it. Let it prove itself.

Film is What Discolors

You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to teeth, enters crevices and stays.

The tooth brush doesn't end it. The ordinary dentifrice cannot dissolve it. So it accumulates and may do a ceaseless

Most tooth troubles are now traced to that film. And now it is known why brushed teeth still discolor and decay. The reason lies in that clinging film which the old cleaning methods omit.

Cause of Decay

That film is what discolors-not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Thus the film is the teeth's chief

It Can Be Ended

Dental science has for years sought a

way to end that film, and the way has now been found.

Pepsodent is based on pepsin, the di-gestant of albumin. The film is albumi-nous matter. The object of Pepsodent is to dissolve it, then to constantly com-

The way seems simple, but it is not. Pepsin must be activated. The usual method is an acid harmful to the teeth, so pepsin long seemed impossible.

What has been found is a harmless activating method. Now pepsin can be applied twice daily and left between the teeth. And millions of teeth are now being cleaned as they never were before.

Watch the Effects

We ask you to watch the effects. Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare this method with the old. Read the facts about it. Then decide for yourself what is best.

Look in Ten Days

See how white the teeth are-how they glisten. You can see that the film is gone. You will know that film is gone. You will know that teeth can be kept forever whiter and cleaner and safer.

The New-Day Dentifrice

An efficient film combatant, based on pepsin, now endorsed for constar home use by leading dentists everywhere.
